## MEDIA ADVISORY

# Children’s World Uniform Supply receives Healthy Sarasota County Worksite designation

*Promoting safe, healthy communities during National Public Health Week, April 4-April 10*

**SARASOTA COUNTY** — The Florida Department of Health in Sarasota County (DOH-Sarasota) will publicly recognize Children’s World Uniform Supply, a worksite of 12 employees, with a “Platinum” level Healthy Sarasota County Worksite designation certificate. The presentation, coincides with National Public Health Week, April 4-April 10.

Health officials say worksite wellness is an important aspect of promoting a safe, healthy community. People often spend more time at work than anywhere else and decisions and habits reinforced in a healthy worksite can transcend into other aspects of life. Children’s World Uniform Supply is one of nine worksites in Sarasota County to achieve milestones in seven high-impact target areas —healthy eating, physical activity, stress reduction, tobacco cessation, illness prevention, breastfeeding support and drug-free workplace. The designation levels, *Platinum, Gold, Silver, or Bronze*, recognize new or existing efforts to improve employee health based on total points earned.

Through the Healthy Sarasota County Worksite Initiative, businesses are provided no-cost corporate wellness consultations and resources. After completing the designation process, businesses receive a certificate for display, access to the Healthy Sarasota County Worksites e-logo, publicity and recognition on the website, [www.healthysarasota.com](http://www.healthysarasota.com).
