

The Healthy Sarasota County Collaborative presents:

MYPLATE ART CONTEST

INSTRUCTIONS

Using the USDA MyPlate as a template, all Sarasota County K-12 students are encouraged to create their interpretation of a nutritious plate through all-inclusive mediums (i.e. traditional and digital) representing the five MyPlate food groups. The contest opens on Monday, February 24th and will accept submissions no later than Friday, March 21st at 5pm.

- All five food groups must be represented: Fruits, Vegetables, Grains, Protein, Dairy
- The template provided must be the only submission form used. No copying, resizing, or recreation of any kind will be permitted.
- Submissions are due Friday, March 21st to the submission box inside the William L. Little Health and Human Services Center, located at 2200 Ringling Blvd. Digital submissions are to be emailed to Carly Lovallo at carly.lovallo@flhealth.gov.
- One submission per student. Submission must be the original work of the student; friends and group entries not accepted.
- Entries will be categorized into four groups by grade level to ensure fair competition and recognize diverse talent. (K-2nd, 3rd-5th, 6th-8th, 9th-12th). Digital submissions will be categorized into two groups (K-5th, 6th-12th).
- Judging criteria will include level of creativity, originality, and adherence to the nutritious MyPlate theme.
- By entering this contest, students will consent to having their artwork publicly showcased.
- Prizes will be provided to the winner from each group, including a commemorative plaque and gift basket.
